

H HALLS **The all new Bocado Truck**

Brand spanking shiny new vans are just another sign of Halls' continuing investment and commitment to serving superior quality hot and cold lunch products to businesses in Chorley and the surrounding area. We have been feeding Chorley folk since 1933 and once again we are leading the way in delivering a continual improvement in service and quality with the introduction of Halls 2U. With the arrival of our brand new "Bocado Truck" we can now bring our shops to your door to extend the Halls' menu to you and your colleagues conveniently at your workplace...

Well since 1933 we have been rising early to prepare fresh food for our customers, baking our world famous pies, our cakes and preparing our sandwiches and other foods for their delight, we still will be doing that but in addition we will be putting the same freshly made food onto the Halls 2U shop to be delivered to you and your colleagues.

You get a mobile Halls' shop to your door, with an extensive range of food options. When the side of the 'shop' is opened up you will be amazed at the range and the quality of the food on offer including Halls' world famous pies - all the old favourites like meat and butter pies. Our massively popular sausage rolls and freshly made Halls' proper sandwiches and home-made cakes will also be on offer. Baked potatoes, salad boxes, pasta pots, fruit, soft drinks, crisps and confectionery will be on board.

It is no secret that Halls has been successfully building a reputation for no nonsense, good value proper catering for business and private clients for the last two years. We intend to continue that value for money, no nonsense approach with our new and innovative range of catering menu options. Halls are members of the Guild of Fine Food Retailers and the Made in Lancashire scheme. We are also proud winners of national and regional awards such as Baking Industry Award Winners 2010, BIBA (Best in Business Awards) 2011 Retailer of the Year and Red Rose Award Winners in 2012. Our aim is to build upon this success and to deliver the very best in breakfast and lunchtime culinary needs..
